We are submitting this appeal to request a waiver of the date which we were supposed to file our application. The reason for our late filing was greatly due to the effects of Hurricane Maria, which left Puerto Rico without electricity, phone and internet service for a number of months thereafter. This was a natural event in which we have never encountered, therefore, we are asking that you please take this into consideration, as this is the first time in the years that we have filed past the due date.

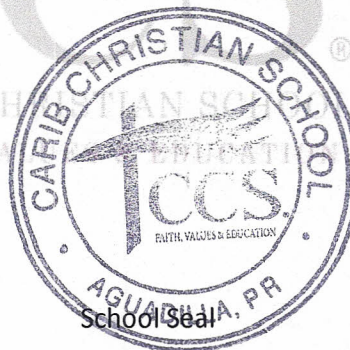

We would like to thank you in advance for the funds that you have provided this school so that our students may be able to receive an excellent education though a high quality digital world.

We await your response.

Respectfully,

Xavier Badillo
Administrator
